Axiom™ Surface Disinfectant

Axiom Surface Disinfectant is a ready-to-use hard-surface disinfectant. When applied to a surface and allowed to remain for at least one minute, it is effective in killing COVID-19 (SARS-CoV-2) according to the Centers for Disease Control (CDC).

Directions for Use

- 1) Always wear disposable gloves and safety glasses when disinfecting surfaces.
- 2) Always clean before you disinfect! Soil and grease interfere with any disinfectant's germ-killing abilities.
- 3) Pour into opaque spray bottle at full strength or add to a clean rag/wiping cloth. Once transferred to a secondary container, please label per the MSDSonline site's Hazcom labeling convention. Axiom Surface Disinfectant SDS S16009100 is available at mdsonline.com.
Note: Axiom Surface Disinfectant can be diluted and still remain effective. However, increase contact time for at least five minutes. To dilute, mix 5 ounces of full-strength product in 1 quart of cold water. Label accordingly.
Note: Clear or translucent spray bottles significantly reduce the life and effectiveness of Axiom Surface Disinfectant.
- 4) Allow at least one minute contact time on the surface before drying to give it enough time to kill pathogens.
- 5) Disinfect high-touch areas such as tables, doorknobs, light switches, handles, desks, phones, keyboards, toilets, faucets and sinks (at least five minutes if diluted).
- 6) Axiom Surface Disinfectant is safe to use alone. Do not mix with other cleaning agents.

Packaging

- 5-gallon buckets with pour spout lids.

Product Specifications

Estimate Number: 16009100

SDS: S16009100

Solubility in Water: Complete

Flash Point:

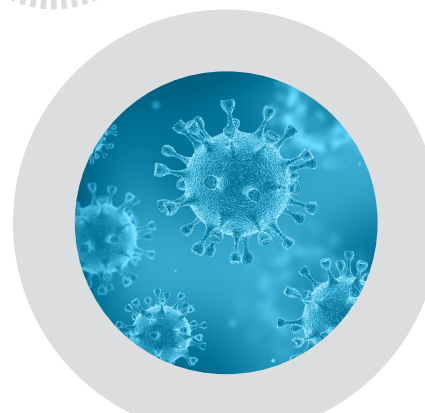

Water-based solution – will not burn

Stability: Stable

International Paper Company Overview

- Global producer of renewable fiber-based paper & packaging
- In business since 1898
- 52,000 employees worldwide
- Manufacturing operations in:
 - North America
 - Europe
 - Latin America
 - Russia
 - Asia
 - North Africa

So many things of value are presented in, or surrounded by the substance of International Paper. Whether you want to grow retail sales or get your products safely through the global supply chain, our industrial packaging solutions bring innovation to and protection around your products. International Paper brings you value beyond a box, display or package – real value that's material to your success.
